Description

Release addictions, remember dreams, awaken 3rd eye, healing, calming, guards against psychic attack, spiritual awareness

Suggested Chakra: Third Eye.

Color: Deep dark purple to almost clear with a light translucent hue of purple.

Folklore & Uses: Amethyst is a quartz and a must-have for completing a crystal collection. It is a good healing stone and helps one to release past hurts, as well as release addictions, or soften an addictive personality. Said to

be the stone for Pisces, amethyst is a great dream stone to help you remember your dreams. I suggest combining it in a dream mojo with a Herkimer Diamond and some Lavender under your pillow. You may want to begin a dream journal. Add a piece of Aragonite if you are prone to nightmares. The purple color awakens your Third Eye Chakra and helps you to be more psychically aware. It is a good meditation stone and can help you break through to your guides.

Sized: Small Medium Tumbled Pieces. Excellent Value. Ideal for use as a Pocket Rock. Approx. Size: .75" - 1" grit

* As you may know, crystals can come in a variety of shapes, sizes and colors - each piece is composed of various minerals which depending on the pockets during the tumbling process some may be colored differently. It is truly amazing that these beautiful items come from mother earth herself. We take great care in sizing and pricing our crystals and will work to ensure that the right crystals find their way home to you! Sizes and coloring may vary.
