Description

Receive direction, inspiration, and healing when you take the collar off a favorite animal's natural powers! Animal Magick is the first book to present familiars from a European Pagan viewpoint. It shows you how to access the unique power of familiars—real or imagined animals—for magickal assistance, enhanced health, and spiritual growth. You don't need a pet or companion animal to have a familiar. Whether you collect glass animals, dream about snakes, or "talk" with an animal already, you can further develop this connection for extraordinary magickal results.

Animal Magick presents practical meditations, rituals, and power chants for enticing, befriending, understanding, and collaborating with familiars. You'll learn ways to attract a familiar, explore various types of familiars and discover which one works best for you, and learn how to recognize messages and guidance from your magickal companion.
