### Description

#### About The Book

Sometimes chart interpretation is so complex, you can't see the forest for the trees. With *Aspect Patterns*, you'll actually begin by seeing the forest-the big picture. How the planets line up in a natal chart reveals an overall snapshot of one's personality, while specific aspect patterns offer details on how these traits unfold in character development, and in decisions concerning relationships, career, and life path.

This valuable guide for astrologers presents a simple and systematic approach to aspect pattern interpretation-an important, but often difficult, element of astrological consultation. The natal charts of Carl Jung, J. K. Rowling, Paula Abdul, Celine Dion, and other cultural icons provide colorful examples of how aspect patterns reveal the true "story" of any individual's natal chart. Using the tried-and-true techniques in *Aspect Patterns*, you will:

- Learn to identify the aspect pattern in any natal chart, using the step-by-step instructions
  - Become familiar with the character traits, desires, and needs associated with each pattern
  - Find aspect patterns within picture patterns
  - Discover new insights into the classic patterns introduced by Jones and Jansky
- 
- Gain skill in integrating multiple chart factors into a consistent personalized story
