### Description

Astral Projection Plain & Simple teaches you how to project easily, naturally, and safely. This complete guide is comprehensive in scope, with step-by-step instructions for both basic and advanced techniques. You'll discover many ways to learn, create, and simply have fun on the astral plane, including how to:

- Perform astral healing techniques
- Develop your psychic potential
- Create an astral "watcher" to gather information
- Increase your creative and problem-solving abilities
- Experience astral love and sex
- Encounter beloved pets who have crossed over
- Travel through time to explore past eras and places
- Meet elementals—the "native inhabitants" of the astral realm
