Description

Author Mary Devlin shows you how to interpret past-life charts and compare them to your present one. By studying astrological patterns that repeat in chart after chart, lifetime after lifetime, you'll discover that many of your current experiences, relationships and behaviors are rooted in past existences. This unique and original book is the result of ten years of painstaking research and hundreds of case studies. More than sixty charts and corresponding case histories are included here as examples. Some are of ordinary people, others are famous personalities from the past and present.
