Description

This text explores the relationships between the Tarot, kabala, astrology and ancient numerology. Integral to this system is the correspondence of the 12 zodiacal signs and 36 decanate constellations with the Major and Minor Arcana.

The Brotherhood of Light Tarot deck also integrates the symbolism of colors and geometric shapes. The back of the cards, inspired by the traditional "carpet pages" found in illuminated ancient manuscripts, features two mirrored images with core diamond shapes.

The original black and white version of this deck was published in 1936 by the Church of Light with card designs by Gloria Beresford. In 2003 Vicki Brewer redrew the original black and white images, and in 2009 she redesigned the cards as full-color Egyptian Tarot cards.

Accompanying the Tarot deck is a 48-page instruction booklet, excerpted from *The Sacred Tarot*, which provides brief descriptions and interpretations for each of the 78 cards; 22 Major Arcana, 40 Minor Arcana, and 16 Court Cards. Also included are instructions for reading the Tarot cards using two popular spreads.
