### Description

Cats can teach us many things about how to make the best of almost any situation. Cats are pleasing to the eye, complex in their behaviors, and mysterious in their moods, providing a “purrfect” model for a visually evocative medium like the tarot. Every card in *Cat's Eye Tarot* tells a story, illustrated from a feline point of view. Let these cats guide you as you use the tarot to learn about yourself and your cat. The card meanings and numbering follow Rider-Waite interpretations, with reptiles, fish, birds, and mice replacing the usual suit symbols. Even the newcomer to tarot will be able to relate to these delightful images of cats and learn valuable lessons from them.

Debra M. Givin, DVM has been a practicing veterinarian for 28 years; 22 of them in an exclusively feline practice.
