Description

About this book

Human and divine energies complement each other; when joined, they become a potent catalyst for magick and change. *Celtic Myth & Magic* describes the energies of over 300 cross-referenced Celtic deities and heroic figures so you can quickly determine which one can best help you in attaining specific goals through magick—such as greater prosperity (Cernunnos), glowing health (Airmid), or a soul partner (Aengus MacOg).

This guidebook explains how to use creative ritual and pathworking to align yourself with the energy of these powerful archetypes. Undertake three magickal quests to the inner plane—where you'll join forces with Cuchulain, Queen Maeve and Merlin the Magician to bring their energies directly into your life. This inspiring, well-researched book is written especially for solitary Pagans who seek to expand the boundaries of their practice to form working partnerships with the divine.
