## Description

**Botanical Name:** Cymbopogon winterianus

**Distillation Method:** Steam distillation of the grass.

It is commonly used as an insect repellent and in blends for room deodorizers. This oil is uplifting and purifying. Use as a deodorant or body spray, as a massage oil (diluted), or in a diffuser.

**Magickal Uses:** Clearing & uplifting.

**Scent Characteristics:** Rich, sweet-citrusy scent with a powerful fresh lemon aroma.

**Warning:** Keep out of reach of children. Highly concentrated, dilute properly before use. Keep away from eyes & mucous membranes. Not for internal use.

**Packaging:** To preserve and maintain their beneficial properties for years, Starwest essential oils are packaged in light resistant, dark glass amber bottles. They are fitted with a dropper insert that allows a small amount of product to be dispensed, with a tamper-evident child-resistant lid. These elegant bottles are the perfect way to protect light-sensitive liquids like essential oils, because the dark amber glass helps prevent light degradation.

**Storage:** Best stored away from light and heat. If stored properly, essential oils will maintain their maximum beneficial properties for many years, with a minimum 5 year shelf life.

1/3 Fluid Ounce
