Description

Every child loves the imaginative power of fairy tales, and this extensive anthology is pure magic. The stories come from three of the world's most renowned children's authors of all time: The Brothers Grimm ("Cinderella," "Hansel and Gretel," "The Brementown Musicians"), Charles Perrault ("The Sleeping Beauty," "Donkey Skin," "Bluebeard"), and Hans Christian Andersen ("The Little Mermaid," "The Snow Queen," "The Wild Swans"). Francesca Rossi's enchanting watercolor illustrations illuminate these classic stories and bring them to life.
