Description

Set of 25 Hand 'Crafted' Runes

Runes are typically used as a method of divination. The runes can be used to ask specific questions or just to give you a general idea of what's coming ahead. This rune set uses the Elder Futhark alphabet and contains 24 lettered rune stones plus 1 blank rune and a pouch. Our sets also come along with 7 crystals to help guide your readings.

* Sets WILL vary in color.

* Book is available for sale seperately.
