Suggested Chakra: Base

Color: Metallic, silver gray.

Folklore & Uses: Very grounding and focusing! The moment you hold it you become very aware of your feet! If you have a hard time concentrating and find that your mind wanders off on its own, then Hematite would be a great stone for you. Hematite is also an excellent stone for protection and healing (if you rub it, it will even heal a scratch in itself!) Very useful in the treatment of blood disorders and circulatory problems. NOT recommended for elixir preparation. Hematite can benefit legal situations, treat overindulgence, improve concentration, memory, and focus.

Sized: Large Tumbled Pieces. Excellent Value. Size: 1" - 1.5" grit

* As you may know, crystals can come in a variety of shapes, sizes and colors - each piece is composed of various minerals which depending on the pockets during the tumbling process some may be colored differently. It is truly amazing that these beautiful items come from mother earth herself. We take great care in sizing and pricing our crystals and will work to ensure that the right crystals find their way home to you! Sizes and coloring may vary.
