Description

Our mini taper candles are 4" x 1/2" size. They are great for ritual, quick spells or decorative use. These candles have a burn time of approximately 1 hour.

Color can play an important role in adding potency to spells and rituals. Color works by its vibrational value; its ability to reflect light. We believe that as the object vibrates it emits an energy that we can work with. In color magick, orange is associated with absorbing and destroying negativity, grounding and protection.
