

Mahabharata Oracle - Rash

Inspired by one of the oldest and greatest epics known to man, the Mahabharata—the oldest recorded document in existence—is reflective of human errors and foibles, a triumph of good over evil.

Description

Heighten your awareness with this intriguing, original, first on the subject, 36-card deck and guidebook, which embody archetypes of the attributes of the human psyche born of emotions and feelings that recur periodically. A wide spectrum of emotions, dualities, miracles, philosophies, spirituality, and other elements are displayed. The rich and striking card images display concepts such as space travel, ancient sci-fi, elastic time, astral travel, visitations, and more. It's all here, and the otherworldly connections will spur you to expand your psyche. And you will witness the poetic beauty of ancient traditions as they transform the spiritual teachings presented in this powerful package.
