Description

With fresh keyword symbolism and traditional oil paintings in the classic style, enjoy a journey through the meaning of each card via the landscape of the Moon and High Priestess and enter the geometry of the temple and Tree of Life, Merkabah, and caduceus. Five spreads will help you find a doorway between heaven and Earth, microcosm and macrocosm, and the world of eternity and infinity—all leading to symbols and arrangements hidden within the language of art. This presentation is a rare and exquisite gem that will reflect the truth inside you. Suitable for all levels of Tarot experience.
