Description

These mini white sage smudge sticks are approximately 2 inches long.

All sticks are wrapped with 100% cotton yarn for safe and healthful burning. Each ingredient is considered a sacred herb used for centuries by Native Americans in their "smudging" ceremonies. Smudging is the name given to the burning of these herbs for purposed of cleansing or sending out prayers. Today, people are smudging to receive the benefits known to generations of our Native American brothers and sisters.
