Description

Based on animals and clans and including corresponding trees, stones, and colors, the medicine wheel is broken into 12 moons similar to the 12 signs in Western astrology. In fascinating detail and with illustrations throughout, this new entry in the Plain & Simple series explores an exciting and little-known aspect of Native American culture.

In addition to analyses of all the signs, symbols, and seasonal associations, there are illuminating charts, explanations of the medicine wheel, and practical ideas for using Native American astrology as an oracle. This is a book for the thousands fascinated by Native American legend and lore.
