Description

Planetary magick lies at the root of all astrological, alchemical, and Qabalistic lore. Although the planetary powers of the cosmos are far beyond our intervention, their correspondences in the depths of the psyche are within our reach through certain special meditative and ritual methods.

The complete system of planetary magick is set forth here, and is designed for both the beginner and the established mage. This book includes 65 classic magical rites in full detail and provides the reader with a thorough understanding of the foundation of Western Magick.
