Description

Merry Meet

We are so glad that you happened to connect with this special place in the world we have been given to look after.

Many years ago when Lisa was only 22, she began to open up to this wonderful, Magickal way of life. Never kid yourself, this path is not easy, but the rewards considerably outweigh the strife.

She began by working with crystals and studying the Old Ways. Then major doorways began to open (like Tiphereth), and she awakened to

many other divination tools which allowed her to help others on their way. The Tarot seems to have been the tool that is the most direct and precise for her, but she does use and teach about many other useful esoteric tools.

Lisa started a small study group in her home in the late 80's. Over the years she seemed to be pushed more and more to grow and work in the light. She has studied many religions - only to find that for her, personally, they all lead to the ancient ways that speak so strongly to her.

In 1993 she opened a small shop in Clintondale, then in 1995 she opened the first Awareness Shop at Cherry Hill in New Paltz, we moved to 180 Main Street in 1997 and in 1998 she was joined by her soulmate Anton, who at that time was a humble computer programmer. Once they began to work together Anton began to read the Tarot, Mastered in Reiki & IET and Lisa has learned how to cut and paste.

Many amazing people have come along to help, and the Circle just keeps on growing. As High Priestess and High Priest they work very hard to preserve the Old ways and offer information, guidance & counsel to those who are seeking. They are available for Personal Consultations, Psychic Readings, Spiritual Healing Sessions and Workshops.

Brightest Blessings ~*
