This deck has four suits, one for each season, plus eight additional cards that celebrate the major Celtic "Fairy Festival" holidays. Included with the deck is a 240-page book that is filled with fairy lore, the meanings of the cards, their myths and legends, how to work with the fairy or character on each card and an amazing nine different spreads you can use. This is more than just a divinatory deck-its virtually an entire spiritual, magical, and oracular system!
