Each and every one of us has shamanic powers. Glimpses of them can arise at any age in the form of intuitive dreams, déjà vu, spontaneous visions, and out-of-body experiences. Most people dismiss these experiences. However, by embracing these gifts, we can unlock our shamanic potential to change ourselves and the world around us.

Revealing his transformation from skeptic to respected shamanic healer, Itzhak Beery explains how, after countless prescient dreams and visions throughout his life that he brushed off, a series of synchronistic events led to his first shamanism workshop with Michael Harner, renowned shamanism scholar and teacher. This, in turn, led to a trip to South America with John Perkins to work with indigenous shamanic healers.

Beery shares his experiences with ayahuasca rituals in the Amazon, messages from power animals and plant spirits, dreams that foretold future events, and holographic sightings of past lives and spiritual entities, both evil and benign. He details his shamanic way of "seeing" to diagnose spiritual, emotional, and physical ailments via candle readings and remote viewing. Explaining how we are always surrounded by spirits, he recounts helping people communicate with loved ones who have passed on and shares powerful stories of soul retrieval during shamanic journeys to other worlds.

Through his true stories of visions that manifested in reality, Beery reveals that we are all shamans. By igniting our natural intuition and developing trust for our inner powers, we can each connect to the oneness of nature where all knowledge is found.
