Description

A unique collection of magical pathworkings based on the thirty-two paths of the Qabalistic Tree of Life.

Pathworking is the occult term for a specific kind of visualisation exercise in which the mind-self is projected into a series of situations and landscapes that can be viewed on a mental screen, or, once the mind has been trained, experienced as a participant with full sensory perception. Each working is preceded by a discussion of the individual path and of the experiences, correspondences and symbolism associated with it.
